Oak Bay Parks, Recreation and Culture Tennis and Pickleball Courts Guidelines for Use During COVID-19

The health and safety of the public and staff is the top priority. It is everyone's responsibility to help prevent the potential spread of COVID-19.

The following protocols will support our efforts to maintain the health and safety of Tennis and Pickleball Players:

General:

- Do not use the tennis or pickleball courts if you are sick.
- Stay home if you have traveled in the past 14 days OR if someone in your household is sick.
- Keep 2 metres apart from each other at all times.
- Play only with people you know well and, preferably, with a limited, small group (max 6 people).
- Do not loiter in the parking lot before or after your game.
- When waiting to play line up outside of the courts to ensure physical distancing.
- Patrons are encouraged to bring their own hand sanitizer for use before, during and after their match.
- All players' names must be provided at the time of court reservation. It is the patron's responsibility to ensure that all names are provided accurately when booking a court.
- Recreation Oak Bay staff will periodically monitor the tennis and pickleball courts to ensure players are practicing social distancing during the court booking times.

On the Court and During Play

- No physical contact between players, the net or another player's equipment.
- Benches and garbage cans are not available.
- Players do not change ends during a match.
- Doubles allowed with strict awareness & monitoring of the 2-metre/6-foot rule for physical distancing.
- Each player uses his/her own balls, clearly marked as their own. Whomever is serving uses their own balls.

When safe to do so, other players can pass back the balls to the owner by using their racquet/paddle.

People not adhering to this protocol risk the closure of the facilities and will be asked to leave the premises.
