

## TOP 4 Camp Checklist:

- 1 Have I reviewed the Cancellation Policy for the camp?
- 2 Have I filled out the extra Waivers and Forms that are required for this camp?
- 3 Have I reviewed the Camp Handbook and Camp Schedule? (Emailed the Wednesday before the camps starts).
- 4 Do I have any other questions before the camps starts? Please contact Reception Oak Bay Recreation Centre 250-595-7946 or Henderson Recreation Centre 250-370-7200 if you need more assistance.

### Cancellation Policy:

To serve you better Recreation Oak Bay has updated the camp cancellation policy.

All weekly camp credits/refunds/changes must be requested by 9:30am the Friday prior to the start of camp.

All daily registration (Skidaddle) camp credits/refunds/changes must be requested at least 72 hours prior to the start of camp. For example: By Friday at 9:00am if daily camp is on Monday starting at 9:00am.

### What you should know about Camps at Recreation Oak Bay:

**Leadership:** Camp leaders are selected for their experience, abilities and dedication to provide every camper with a safe, fun summer camp experience.

**A Safe Place for Children:** Campers are fully supervised throughout the day. Camp leaders are trained in First Aid and CPR, have completed a criminal record check and received a minimum of sixteen hours of training. Parents/guardians are required to sign campers in and out of camp each day and provide current medical and emergency information for their camper.

**Camp Schedules:** For most camps, you will be emailed a schedule and parent information letter the Wednesday before the camp begins. Schedules and the parent letter will indicate items your camper should bring to camp each day.

Please note: schedules are subject to change.

**The First Day of Camp:** Please be prepared to stay a few minutes on the first day of camp to complete sign-in, meet your camper's leaders and complete any outstanding paperwork.

**Epi-pens and Severe Allergies:** If your child carries an Epi-pen, an Emergency Medical Information Form must be completed before the first day of camp. Forms are available at reception and on the website.

**Please refrain from sending "products with nuts" to camp.**

**Extra Support Needs:** If your child is eligible for a support staff through funding by Supported Child Development please contact the Licensed Care Programmer at 250-370-7902 to arrange for support staff prior to registering for a camp.

**Age Requirements:** All full-day camps require campers to be five years old before December 2021 in order to register and registered in Kindergarten.

### Preschool Camps:

All preschool camps require campers to be able to use the toilet independently.

### Questions and Concerns:

Please contact Reception at Oak Bay 250-595-7946 or Henderson 250-370-7200 and a receptionist will be happy to answer your questions or have a camp supervisor contact you.

# Holiday Camps

## FINE ARTS

### CRAFTY VICTORIA - CRAFTY CHRISTMAS CAMP 5-10 YRS

Ornament making bonanza! Card-making station! Penguin stuffies! Christmassy fun for the kids (so parents can get stuff done)! Holiday stories, games, and independent stations included.

<b>Windsor Pavilion-Rotary Hall</b>	<b>Crafty School Of Art</b>

# Children's Programs

## IMPROV

8–12 YRS

Dive into the world of improv with instructor Maeve Poulin! Learn the basics of improv through different games and skits. Build communication, quick-thinking, and teamwork skills in a safe and accepting environment. All levels are welcome in this fun and engaging class.

### Neighbourhood Learning Centre-Activity Room 3 & 4

Sept 29–Nov 17 W 6:30–7:30pm \$71/8 113348

## MUSICAL THEATRE

7–12 YRS

This weekly theatre program will include intermediate dancing, singing, and acting techniques along with a focus on audition skills. The lovely Alison Roberts will bring her show business expertise to a fun-filled class, perfect for the budding star. This class will work towards a small-scale show at the end of the eight weeks.

### Neighbourhood Learning Centre-Activity Room 3 & 4

Sept 28–Nov 16 T 6:00–7:30pm \$100/8 113350

## SPECIALTY CHILDREN'S PROGRAMS

### 3D PRINTING AND 3D DESIGN

9–13 YRS

3D printing and 3D design are the present and future of manufacturing, medicine, architecture, engineering, design, and many other technology areas. In this hands-on program, participants will learn about cutting-edge 3D design and 3D printing technology and will have the opportunity to design and print new 3D designs every session. By the end of the program, in addition to 3D design fundamentals, participants will learn how to create 3D prototypes and 3D designs that involve moving parts from a single design. All supplies are included. Participants can use their own laptop, Chromebook, or one of our computers.

### Neighbourhood Learning Centre-

#### Activity Room 1 & 2

Sept 18–Oct 30 S 1:00–2:30pm \$175/6 115443  
Nov 6–Dec 11 S 3:00–4:30pm \$175/6 115913

#### Zen Maker Lab

### AEROSPACE: JOURNEY TO MARS

9–13 YRS

Experience an astronaut's journey from Earth to Mars! All participants will build their own spaceship with LED components, buzzer, switcher and launcher. Through design and modelling, participants will experience what it takes to survive a trip to Mars. Activities include; mathematic calculations, scientific experiments, 3D design, and scratch programming.

### Neighbourhood Learning Centre-

#### Activity Room 1 & 2

Sept 18–Oct 30 S 3:00–4:30pm \$175/6 115445

#### Zen Maker Lab

Nov 6–Dec 11 S 1:00–2:30pm \$175/6 115915

### ENGINEERING FOR KIDS: JUNIOR CIVIL ENGINEERING

5–6 YRS

Building a house to withstand the Big Bad Wolf is where the fun begins. This program explores the concepts of building and construction through hands-on exploration and design. Explore the engineering behind skyscrapers, bridges, and more in this fun and engaging experience.

### Neighbourhood Learning Centre-

#### Activity Room 1

Sept 26–Nov 7 Su 1:00–2:00pm \$124/6 114160

#### Engineering For Kids

### ENGINEERING FOR KIDS: CIVIL ENGINEERING

7–10 YRS

During this program, students use the Engineering Design Process to design, create, test, and refine bridges and buildings designed to withstand the greatest force. They also examine various designs and discover how the forces of tension, compression, bending, torsion, and shear are distributed throughout those structures.

### Neighbourhood Learning Centre-

#### Activity Room 1

Sept 26–Nov 7 Su 11:00am–12:30pm \$135/6 114161

#### Engineering For Kids

### ENGINEERING FOR KIDS:

#### JUNIOR ELECTRICAL ENGINEERING

5-6 YRS

During this program, our youngest engineers will be introduced to various ways to convey, produce, and use electricity in a safe and fun environment. From learning how electricity works, to using it in their own designs, this class will take them on an electrifying journey.

### Neighbourhood Learning Centre-

#### Activity Room 1

Nov 14–Dec 19 Su 1:00–2:00pm \$124/6 114171

#### Engineering For Kids

### ENGINEERING FOR KIDS: ELECTRICAL ENGINEERING

7–10 YRS

During our Electrical Engineering program, students use the Engineering Design Process to design, create, test, and refine basic electronics and circuits. Students will experiment with Snap Circuits® to discover the capabilities of major electronic components and build devices based on their own designs using various aspects of electricity (e.g. flashlights, magnetic levitation vehicles).

### Neighbourhood Learning Centre-Activity Room 1

#### Engineering For Kids

Nov 14–Dec 19 Su 11:00am–12:30pm \$135/6 114172

### HAPPY: HOME ALONE PROGRAM PREPARING YOUTH

9–11 YRS

The before and after school times or occasional outing for parents are easily dealt with when youth are HAPPY: Home Alone Program Preparing Youth. This program, designed by Kathleen Lee, focuses on home and personal safety and emergency procedures for situations that could occur when youth are home alone. A resource booklet with worksheets and tips, plus a parent and guardian handout, is sent home with registrants.

### Henderson Recreation Centre-
