DISTRICT OF OAK BAY

EMPLOYMENT OPPORTUNITY

Heavy Duty Mechanic, TQ

Regular and Temporary Full-Time ($37.12/hour – 2021 Rates) Pay Grade 11

The District of Oak Bay is a picturesque seaside community located within the Greater Victoria Region, with a population of +18,000. While offering all the amenities of a large metropolitan urban centre, Oak Bay has succeeded in maintaining all the peacefulness and charm of a small town. Residents enjoy an exceptional quality of life, with miles of spectacular West Coast shoreline, brilliant beaches, parks and greenspace, quaint tree-lined streets and vibrant, boutique villages just beyond their doorsteps.

Heavy Duty Mechanics are responsible for skilled mechanical work at the journeyman level in the overhaul, repair, and maintenance of automotive and related power equipment in the shop and field. An employee of this class works under the general supervision of the Mechanic Foreman but uses considerable independent judgment in their work. Oral and written assignments are received from the Mechanic Foreman, who checks and tests the work in progress and upon completion for workmanship and conformance to desirable standards.

Our ideal candidate has completed Grade 12 or equivalent, supplemented by technical courses such as Commercial Vehicle Inspection Certification, as well as considerable general and heavy-duty mechanical experience, including diesel mechanics at the journeyman level, a valid and subsisting Class 3 BC Driver's license with air brake endorsement, and an applicable mechanical trade certificate. This position is represented by CUPE Local 374.

Currently, there are two Heavy Duty Mechanic vacancies. Both are full-time positions, with one being regular and the other temporary. The expected duration of the temporary position is approximately six months, which may conclude early or be extended, dependent on operational requirements.
