NTS

Windsor Road

Curb & Gutter

Existing Public Sidewalk

Hampshire Road

Curb & Gutter

Notes:

1. Reference planting list in Attach "2".
 2. Organic material (top soil). Till soil to a maximum depth of 200mm (8in)
Planting bed to be flush with existing boulevard (no mounds)
 3. Plantings offset a minimum one meter away from manholes, poles, water meters.
 4. Plantings offset a minimum 2 meters away from a fire hydrant
 5. Plantings offset a minimum 2 meters away from the back of sidewalk. If no sidewalk exists then plantings offset a minimum 2 meters away from the curb or road edge.
 6. Plantings offset a minimum 2 meters away from a boulevard tree.
- a) Hand dig only
b) Call before you dig: BC 1 Call 1-800-474-6886 to locate telus/gas/hydro
c) Check city boulevard irrigations systems on-line (www.oakbaybc.org).
Ensure no sprinkler heads are buried. For removal of sprinkler heads contact the Parks Dept. at 250-592-7274
d) Caution: Underground wiring for street lights exists in the Uplands.
