**1 Joan Easton**

Working in watercolour, florals, birds, and local scenes are the focus of my work. Originals and cards will be available.

**Peter Baxter**

My greatest interest remains interpreting the interplay of light and shadow in creating form and mood in my paintings, along with ongoing exploration of tone, shape, and edge.

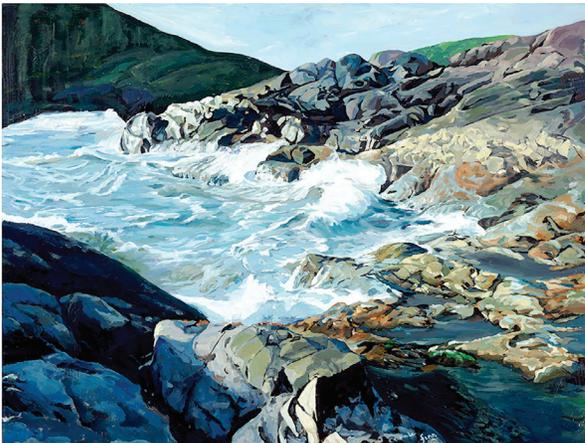

**2 Joanie McCorry**

Discover the new magic Joanie has created via her three-dimensional paper castings, collages and photos. New greeting cards on display. [@peridotulips](#)

**Jennifer Olson**

Jennifer's watercolour paintings are unique in their strong contrast, quality of light and luminosity. Her bold pigments and spontaneous textures capture still life, landscape and architectural subjects.

**3 Carole Finn**

Landscapes of places that need to be preserved are the essence of my acrylic work. I try to capture the atmosphere of the moment on fairly large canvases. 36" x 48" are the norm.

**6 Sue Leather**

I incorporate my love of colour into life art of florals, animals and homes. Detailed small works and bold acrylic paint are my style.

**Heather Midori Yamada**

**7**

Japanese washi hand-painted papers punctuate the coloured fields on canvas and wood panels; collage packs, paintings, cards. [www.artyamada.com](http://www.artyamada.com)

**8 Victor Lotto**

An award-winning painter in acrylics and watercolour, Victor invites you to see his latest paintings from Canada and his travels overseas.

**Gabriela Hirt**

**9**

Gabriela's desire to share her experiences, confusion and wisdom in an intuitive way sparks a process of childlike experimentation. She strives to explore new ground every time she picks up the paintbrush.

**10 Avis Rasmussen**

See my printmaking show of new originals plus favourite linocuts, woodcuts, monoprints. Also reproduced with poems in "Images On The Way," other chap-books, cards, reliefs.

### Vicky Turner

11

Real Estate agent turned artist! Watercolours including travel and culinary themes.

### 12 Derek Rees

Capturing photographic images throughout Oak Bay and surrounding areas for the past six years to present – these have finally gone to print.

### 13 Flo-Elle Watson

Using a canvas of white porcelain, Flo-Elle paints with an under-glaze paint, an original, permanent, food safe, oven and microwave friendly, functional piece of art.

### Terry Vatr

14

Terry works primarily in book arts, writing, photography and print-making. Her original prints have shown in juried exhibition in Canada, the U.S., Germany and Spain.

### 15 Arlene Davey

In Chinese Brush Painting, the choice of subject matter, simplicity of composition and direct manner of execution bring life to this traditional medium.

All Public Health Guidelines will be observed (physical distancing, contact tracing, sanitizing, and mask wearing highly encouraged).

Once registered, if unable to attend, please call Oak Bay Recreation Reception to cancel so that someone else can take your place as event attendance is limited.
