2013-182-1

To: Mayor and Council

From: Municipal Treasurer

Date: June 19, 2013

Re: Statement of Financial Information

The 2012 Annual Report contains the Financial Information Act Reports in Appendix "C". These reports are required under the *Financial Information Act*, which further requires under its Regulation, Schedule 1, subsection 9 (2) that:

"A Statement of Financial Information prepared by a municipality must be approved by its council and by the officer assigned responsibility for financial administration under the *Local Government Act.*"

Evidence of this approval is to be shown by having a Council Member representing Council sign a statement to that affect. I will also sign the statement.

Before the receipt of the Annual Report and the reports contained in it, Council should ask whether there are any members of the public who wish to speak to the Annual Report.

After that, the following resolution in respect to the Annual Report is recommended to satisfy the requirements of the *Financial Information Act*:

"That the 2012 Annual Report be received and that the reports therein that are required pursuant to the *Financial Information Act* be approved, and further, that the Mayor be authorized, on behalf of Council, to sign a statement indicating approval of the Statement of Financial Information as required by the Act."

Patricia Walker Municipal Treasurer

Total per Note 12 of financial statements	_\$	9,504,735.00
Variance	\$	7,160,649.87

Variance is due to suppliers list including payments for balance sheet items In addition, the listing of payments made to suppliers is on a cash basis while the financial statements are prepared on an accrual basis.

The undersigned, as authorized by the Financial Information Regulation, Schedule 1, subsection 9(2), approves all the statements and schedules included in this Statement of Financial Information, produced under the Financial Information Act.

Patricia Walker Municipal Treasurer June 13, 2013

MEMORANDUM

2013-167

TO: Mayor and Council

FROM: Municipal Administrator

DATE: June 12, 2013

RE: Regional Deer Management Strategy

BACKGROUND:

At the meeting on April 22, 2013, representatives from the Capital Regional District (CRD) made a presentation to Council on the status of the Regional Deer Management Strategy (RDMS), requesting that Council provide a response to 10 requests with respect to potential implementation of the RDMS. For reference, a copy of this presentation is attached as correspondence item no. 2013-167-1. The information originally submitted to Council for the April 22, 2013 meeting is also attached as correspondence item no. 2013-116.

It was the consensus of Council that the CRD's requests for response be brought forward to a subsequent Committee of the Whole meeting, which would provide an opportunity for further public input.

DISCUSSION:

Following input from the public, the Committee of the Whole will wish to give consideration and response to each of the 10 items indicated in the CRD's presentation.

Specifically, responses have been requested by the CRD on the following 10 requests:

- 1. Support the region pursuing fencing subsidies from senior governments for agricultural operations;
- 2. Work with the region on public education regarding use of repellent;
- 3. Provide input on dealing with aggressive deer;
- 4. Support the region pursuing changes to public hunting regulations;
- 5. Support the region's efforts to enhance First Nation's harvest;
- 6. Advise whether the District wishes to pursue capture and euthanize approach to population reduction;
- 7. Review road signage, speed limits and consider refinements;
- 8. Partner with CRD to expand public education;
- 9. Track deer related complaints and circumstances where the District is contacted;
- 10. Formalize participation via membership on a Regional Deer Management Strategy oversight committee.

RECOMMENDATION(S):

That this memorandum be received for information.

Respectfully Submitted,

Gary Nason

Chief Administrative Officer
