Construction Notice

Beach Drive – Paving from 975 Beach Dr. to 1159 Beach Dr.

March 27 to March 30 (revised dates)

On behalf of The District of Oak Bay, Island Asphalt Company will begin paving Beach Drive the week of March 27, 2023. The works on March 27 will start with base patch repairs. Following this work, a full overlay of the roadway will occur from March 28 to March 30. Dates may need to be moved slightly if there is inclement weather.

Works will occur between 7:00am and 7:00pm. Residents and patrons of the golf course can expect traffic control personnel, construction crews, paving equipment, grinding equipment and loud grinding noises.

Traffic/Parking Impacts

There may be temporary delays with accessing or exiting the golf course or driveways. Traffic control personnel will be at both ends of the construction and at the entrance to the golf course. The traffic control personnel are there to assist patrons and residents driving into and out of the construction zone.

To enable the work to proceed as efficiently as possible, there will be no parking along Beach Drive during the construction.

What's Involved?

First, base patch repairs on the 27th: Grinding, minor digging and patching of the road.

Secondly, overlay paving on the 28th, 29th, and 30th: Grinding along the edges of the road and overlaying the whole road with new asphalt. Just prior to the asphalt being put down, a layer of oil will be sprayed on the road. Drive slowly, use caution and avoid driving oil onto your driveways during this stage of construction. If you require extra assistance or need more information, please do not hesitate to contact Oak Bay Public Works.

We shall endeavour to keep any inconvenience to a minimum. Thank you in advance for your patience and understanding, and should you have any questions, please don't hesitate to call.

Sincerely,

David Brozuk

Superintendent of Public Works
