Project Notification – Henderson and Haultain-Estevan Cycling Facilities Projects

Dear Resident,

Whether you walk, cycle or roll, the District of Oak Bay is bringing active transportation and underground utility improvements to your community through the Henderson and Haultain-Estevan Cycling Facilities project.

What's Happening?

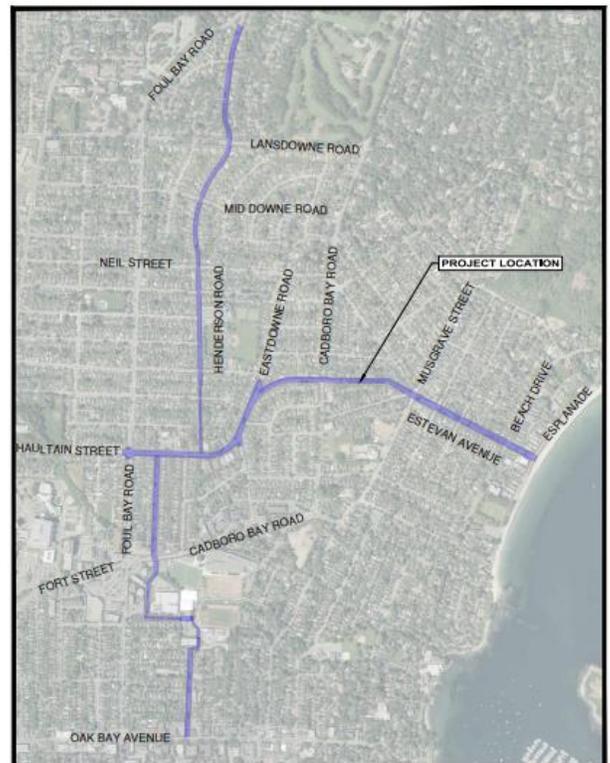

The District of Oak Bay will soon begin construction on the Henderson and Haultain-Estevan Cycling Facilities Project. The construction tender has been awarded to Erdem Excavating Ltd. and construction is anticipated to begin in February 2026. Construction timelines and updates are provided on the website (link below)

This project includes:

- Traffic calming improvements
- Crosswalk, curb and sidewalk upgrades
- Replacement of approximately 100 metres of aging storm and sanitary sewer mains

What to Expect During Construction

- **Noise & Vibration:** Construction equipment will generate noise and vibration during typical working hours (generally 7:00 a.m. to 5:00 p.m., Monday to Friday). Construction will be done in stages and updates shared on our website.
- **Dust & Debris:** Dust control measures will be implemented, but residents should expect some debris during excavation and backfilling activities.
- **Traffic & Parking:** Temporary road closures, traffic detours, and parking disruptions will occur. Access to properties may be occasionally restricted. Notices will be delivered to affected residents in advance of restricted access to properties.
- **Utility Disruptions:** Temporary storm and sewer service disruptions may be required. Notices will be delivered 24-hours in advance of utility disruptions.
- **Boulevard Use:** Boulevards along Henderson, Haultain, and Estevan may be used for material stockpiling, equipment staging, or installation of a project office. One metre of clearance from driveways will be maintained to keep local access.
- **Emergency and Waste Collection Service Access:** Access for emergency responders and waste collection will be maintained at all times.

Stay Informed

All project updates, schedules, and road closure notifications will be posted on the project webpage. Scan the QR code or visit: oakbay.ca/capitalprojects
