## Job Description

<b>Job Title:</b>	<b>SENIOR FINANCIAL ANALYST</b>	<b>JEPE Number:</b>	<b>#</b>
<b>Department:</b>	Financial Services and Asset Management	<b>Pay Grade:</b>	15
<b>Area:</b>	Administration	<b>Position Status:</b>	Regular – Full Time
<b>Location:</b>	Municipal Hall	<b>Position Type:</b>	Union
<b>Supervisor:</b>	Deputy Director of Financial Services	<b>Last Updated:</b>	June 13, 2023

### Job Purpose:

Reporting to the Deputy Director of Financial Services, this position involves complex accounting and budgeting work at a professional level. This position advises departments in the preparation of annual operating and capital budgets and reviews submissions for completeness and adherence to policies and regulatory requirements; assists in the development and maintenance of long-term financial plans and related forecasting models; and develops financial and business analyses for various organizational initiatives. Considerable independent judgement and action are exercised in the work. Work performance is evaluated by a superior for efficiency, accuracy and conformance with established policies and procedures.

### Duties and Responsibilities:

- Assists and advises departments in preparing capital and operating budget submissions; reviews submissions for completeness, accuracy, content, and adherence to municipal policies and regulatory requirements.
- Prepares and maintains instruction manuals and other documentation for the annual budget process including training and supporting internal staff.
- Maintains reserve cash flows and budget files.
- Develops and maintains financial analytics and forecasting models for use in budget development, variance forecasting and other reports.
- Consolidates departmental budget submissions and other data in the development, maintenance and communication of the District's long-term financial plans to external and internal stakeholders.
- Reviews all government or other grant applications to ensure that they meet Financial Services and Asset Management Department requirements, are properly reflected in the budget, and that funds are subsequently received and properly accounted for.
- Analyzes a variety of data and prepares financial, statistical and analytical reports and related documentation and correspondence as required; oversees reserve cash flow projections; prepares reports for senior leadership on matters such as project cost effectiveness and alternative funding sources.
- Prepares year-end adjustments and working papers for use by the municipality's auditors as required.
- Analyzes existing and proposed accounting requirements and systems, and as appropriate recommends changes in accounting processes and procedures.
- Undertakes special projects and assignments as required.
- Performs other related duties and responsibilities as assigned.

### Required Knowledge, Abilities & Skills:

- Thorough knowledge of accounting principles, practices, procedures, systems and controls applicable to the work.
- Considerable knowledge of public sector budgeting principles and practices.

<ul style="list-style-type: none"> <li>• Considerable knowledge of the laws, regulations and statutory requirements governing the work.</li> <li>• Sound knowledge of the organization and the functions of various departments.</li> <li>• Skilled in computer applications such as Windows 11, Microsoft 365 Word, Outlook, Powerpoint, OneDrive, Sharepoint and Teams.</li> <li>• Proficient with Microsoft Excel, including Power Query.</li> <li>• Ability to analyze and interpret a variety of financial, budget and accounting information and to develop logical solutions to budget variance and financial reporting issues.</li> <li>• Ability to prepare and analyze a variety of financial and statistical reports and data.</li> <li>• Ability to establish and maintain effective working relationships with a variety of contacts.</li> <li>• Ability to communicate effectively orally and in writing and to convey complex financial information.</li> </ul>
<b>Qualifications:</b>
<ul style="list-style-type: none"> <li>• Completion of 4 years in a recognized accounting program.</li> <li>• Minimum of 6 years of progressive related experience, ideally within the public sector or a unionized environment, or an equivalent combination of training and experience.</li> <li>• Professional accounting designation and member in good standing with CPA Canada.</li> <li>• Public Sector Procurement courses and experience would be an asset.</li> <li>• Experience with Tempest and Vadim software would be an asset.</li> <li>• Experience with Microsoft 365 Power Platform (Power BI, Power Automate, Power Apps) is an asset.</li> </ul>
